

BUIDL CTC 2026 FALL · AI + RWA

Due

The model can underwrite. It cannot advance until Attestcoin cites the payment.

INVOICE 4417

Lin Wei is owed 12,000 qUSD.

Kestrel paid on Ethereum. A screenshot is not a credit file. Reed, the AI officer, will not mint.

ATTESTCOIN

Citation is the product.

verifyAndEmit at 0x0FD2. Official decoder extracts InvoicePaid from the same bytes. Wrong emitter reverts. Replay refuses.

AI TRACK

Reed sees facts, not claims.

HOLD → CITED → DUE. The vault re-checks policy. The LLM never calls cite().

MARKET

Ethereum payers. Creditcoin settlement.

Invoice factoring is a real job. Importing proven payments expands Creditcoin's user base.

ASK

**Cite the payment.
Then advance.**
